

THE HOMEPLACE assisted living community offers senior apartments to individuals and couples 55 plus. Our communities, located in Stanley, Mondovi, Durand and Dorchester, Wisconsin, allow residents to maintain their independence, while having assistance when needed.

Our Memory Care provides the opportunity for all stages of dementia and accommodates the frail elderly. In our small setting we have common living spaces that provide a warm surrounding that helps residents maintain as much of their natural routine as possible.

.....

"I would like to thank the staff at The HOMEPLACE in Stanley for the extra special care and attention that you all gave my mom during her nearly four year stay with you. I always felt that she had the greatest care, that each staff member took the time to get to know her and treated her like she was their own mother or grandmother."
